

READING COMPREHENSION

The Library Cat

Luna lived in a small town library. Every morning, she stretched on the windowsill while the sun warmed her fur. The children who visited the library loved to read beside her.

Luna never meowed loudly. Instead, she purred softly when someone opened a book. One afternoon, a storm knocked out the power. The library grew dark and quiet. The children felt nervous. Luna jumped onto a table and stayed close to them. Her calm presence helped everyone feel safe
